AutoCAD Crack + [32/64bit]

In 1998, AutoCAD was replaced by AutoCAD LT, which supports Windows only. AutoCAD Pro is the latest AutoCAD release, which supports both Windows and macOS. However, it is also available on mobile and web devices. AutoCAD LT is still available, but it's not recommended for new users. This article provides detailed information on AutoCAD 2018, including: A version of AutoCAD in a downloadable format. A comparison of features in AutoCAD 2018 and AutoCAD LT 2018. Links to tutorials that provide useful information and tips about using AutoCAD. Comparison of features between AutoCAD 2018 and AutoCAD LT 2018 AutoCAD and AutoCAD LT provide the same product in different editions. When you purchase AutoCAD 2018 or AutoCAD LT 2018, you receive either AutoCAD or AutoCAD LT. You don't have to install both. The AutoCAD product supports both Windows and macOS, while the AutoCAD LT product supports only Windows. If you purchase AutoCAD LT 2018, the first time you start it you will be prompted to choose which environment you want to use it in: Windows or macOS. If you install the Windows version, AutoCAD LT 2018 doesn't ask you to choose an environment, so you can use it in both Windows and macOS. If you install the macOS version, AutoCAD LT 2018 asks you to choose an environment, so you must use AutoCAD 2018 or AutoCAD LT 2018 in either Windows or macOS. If you purchase AutoCAD 2018, the first time you start it you will be prompted to choose which environment you want to use it in: Windows or macOS. If you install the macOS version, AutoCAD 2018 doesn't ask you to choose an environment, so you can use it in Windows and macOS. If you install the Windows version, AutoCAD 2018 asks you to choose an environment, so you must use AutoCAD 2018 or AutoCAD LT 2018 in either Windows or macOS. If you don't have AutoCAD LT 2018 installed, AutoCAD 2018 prompts you to install it when you start it for the first time. AutoCAD 2018 and AutoCAD LT 2018 are listed as separate products. The versions are not compatible. But you can install both products on your computer. The earlier version is not compatible with

AutoCAD Download

AutoCAD Crack 2008 introduced a JavaScript API known as Javascript Application Framework (JAF). The JAF API allows for more complex interaction with AutoCAD Crack. JAF is also available for AutoCAD LT. JAF is available for both applications via a companion SDK. File types AutoCAD natively supports the following file formats: DWG (AutoCAD Standard, or DXF if the file has been created using AutoCAD's DXF tool). BMP, JPG, JPEG, PNG and TIFF images. Extension Pack files. It lies approximately east of Ryki and north-east of the regional capital Lublin

What's New In?

Preview and edit your in-place annotations while making your drawings. (video: 1:21 min.) Use the Drawing Assistant to do things like recalculate the selected region, save the current drawing, set the extents of a clipping object, adjust a scaling, and toggle snapping to desired options. (video: 1:35 min.) AutoCAD has incorporated a number of enhancements, with enhancements of the 2D/3D UCS (world coordinate system), support for CAD Standards, and enhancements of the modeling tools. Project Management: Work in a large scale project without losing track of small changes, errors, and completed tasks. View or organize your project in a notebook. Assign a task and related comments to a task; you can also view the entire list of task notes and comments for your project. (video: 1:25 min.) Work with a single version of a project and sync up on changes that occur across the different layers of your project. (video: 1:30 min.) AutoCAD 2023 is available in the downloads section of this website and is also available in the Software as a Service (SaaS) model. This new release of AutoCAD will be generally available later this fall. Post navigation About Mark Kaelin I'm a best-selling author of 19 books, and "The Wolf of Wall Street" was named Book of the Year on two occasions. I'm a two-time winner of the Lindy Award for my writing. I'm a Mac and iOS addict who spends way too much time with my head in a notebook and remote in my hand. I'm happy to share my passion for words and information; please enjoy! [read more] Subscribe to My Blog I find it fascinating that many people are "switched on" to creating content for the web, but find it daunting to publish, promote and manage the influx of web traffic that inevitably accompanies the activity. With that in mind, I've created a subscription service to "boost my blog" or, more appropriately, to help you with all these aspects. I'd like to subscribe to your Blog via email Enter your email address to subscribe and receive notifications of new posts by email.The Galaxy Note 7 had been officially recalled twice within the last month. It is now being recalled again, according to the U.S. Consumer Product Safety Commission (CPS
