Atrial natriuretic peptide and transforming growth factor-alpha in human renal and periureteral tissue. Atrial natriuretic peptide (ANP) has been reported to be present in the renal tubule. In this study, we examined the distribution of ANP and transforming growth factor-alpha (TGF alpha) in renal and periureteral tissue and their putative effects on the development of the obstruction in a rabbit model. We have demonstrated the presence of TGF alpha in the periureteral tissue in higher amounts than in the adjacent renal tissue. TGF alpha receptor alpha 1 and alpha 2 mRNAs were detectable in both renal and periureteral tissue, and atrial natriuretic peptide receptor-A mRNA was detectable in the renal and periure

## System Requirements:

Ratings: My opinion: While the original Soul Calibur II is a top notch fighting game, its many improvements, including a revised move set and a brand new gameplay system, made it better in many ways than its predecessor, Soul Calibur. Unfortunately, its graphical updates weren't as good as its gameplay, and it failed to be a breakout game like Soul Calibur had been. Still, its fighting system, new moves, and support for four players (or two teams of two) make it the game to beat when you're up for some couch-
