No one cares how long you've been married as long as you're having a good time. That said, Vegas for younger single people tends to be a bit of a let down. Everything is so expensive that even if you are just having a few drinks, you can spend a small fortune in one night. After all, Vegas is the playground of the world. Don't get me wrong, there is still plenty to do and see. However, if you want to have a good time, you have to be willing to spend. There is so much to see and do in Vegas that it can be overwhelming. This is especially true if you are single in your late 20s, early 30s. If you are young and single, then it's easy to feel like you are alone at the beginning of your trip. It's inevitable when you travel, you are always going to meet new people. If you stay in your hotel or don't venture out much, it is easy to feel like you are there all alone. That's not true. You do have a lot of opportunities to meet new people. In fact, you're probably meeting new people every time you turn around. However, it's a good idea to seek out friendly locals and mingle. If your trip coincides with a big convention, then there are plenty of places to meet people. To get started, go to a special events fair. e79caf774b

THIS IS NOT A PRODUCT FEEDBACK SITE! -So you've changed your mind about the Pixel 2 and managed to snag a minty fresh model of Google's business-friendly flagship? After a month or two of use, perhaps you might like to step up your game to a great new phone? A) Good news for you: they're \$200 for the 16GB, \$300 for 32GB, and \$400 for 64GB. That's for the unlocked versions. While Verizon and T-Mobile are certainly happy to sell you a Pixel 2 for \$650 on their network, there's a good chance you'd be paying more than \$400 for a brand-new Google phone on their network. You could also shell out the difference for a SIM-free version from the likes of Amazon or Best Buy. But if you can grab a used device off of somewhere like Amazon, be sure to look carefully as it is entirely possible to snag the same phone at a lower price, if not for just a few dollars. If you've been following our coverage of Pixel phones, you know that the issue with that model is that it's
