The displayed contents for the right on the WEB MSQ TALK are automatically updated. 3. With regard to the "priority" of the display contents, there are 2 types of display: A. When you receive a mail, displayed are the messages sent to you first, followed by the messages sent to other players in mail order. B. When you receive a mail, displayed are the messages sent to you first, followed by the messages sent to other players in mail order. 4. When you visit a player's WEB MSQ TALK and have the conversation history, the discussion will be displayed in chronological order. (2) Update of the conversation database. The conversation database is a database used for the conversation which is stored in the game. The following content were stored at the time of the previous version, however, the amount of the conversations have increased significantly, and therefore, there is a need to increase the database and sort the conversation in order of date. 1. New version of the conversation database is underway (for a period of approximately 2 weeks) 2. Upload the updated version of the conversation database as soon as the completion of the work. 2. Change in the WEB MSQ TALK: (1) Change in the WEB MSQ TALK: 1. The revised version of the WEB

MSQ TALK is underway. 2. WEB MSQ TALK was revised in terms of optimization. News: 1. I will be having a Full Weekend Off starting on the 19th January, until the 21st January. During this time, there will be no update. I'm going to be away for some precious weekends and holidays, but in this situation, please be understanding and be patient. 2. A few days ago, unfortunately, an error occurred that resulted in the inability of the server to respond to the request. This is due to the large number of requests from players, and it was not possible to make adjustments.

What's new in Elden Ring:

ROAD TO BATTLE 「The Road to Battle」is the first action role-playing game to be developed by KOEI CO., LTD. (hereinafter, KOEI) Using KOEI's action RPG expertise, TRUE STARS showcases the latest in action RPGs, and will showcase yet more refined gameplay features, including online multiplayer.

Some of the In-Game Features

Character Creation When creating your character, you can freely assign elements from a variety of pre-existing fantasy races to your character. The races each have their unique characteristics, so you can create even stronger individuals by combining them. As you will learn more about the races in the late-game, they will appear in the story as more powerful examples.

Game System Core Actions Using a three-element combo system, you will be able to unleash your attacks by combining the fundamentals of action RPG games. Your characters own individual skills, and you must form combinations with your enemies to take them down effectively.

Battle System

The role of your skills in battle has been refined. Your character can freely move around, while also using various skill boosts to attack and escape, or to attack the enemy with skills in a new dimension. Even when you take damage from an enemy, your character will keep up their movements and continue attack patterns.

Battle Maps "The Road to Battle" shows a variety of battle maps for you to explore, ranging from open fields to decorated areas to huge, imposing dungeons. Additionally, the battle maps introduce a unique feature. As a reward for obtaining items and experience, you can

mark your map with special elements, and other players will be able to see and interact with your markers in real-time.

Main Story Along with battles, you will experience classic action role-playing games in the story mode. From protagonist Betz, who searches for his family, to the members of Storm, who are looking for Betz, you will encounter other strong and mysterious heroes and experience the rich lore of the Elden
