A: It seems that you are referring to a uTorrent "feature" which seems to include a modified pagerank algorithm. See uTorrent's forum thread (screenshot). The uTorrent forum thread linked above seems to state that it is not a feature, and is only a change in the algorithm that is being employed, and can be disabled by setting "uP. r e n A l G o i d s = 0" to false under the [core] section of the app.ini file. , the factor is set and no additional fee is charged, although the extra characters are rounded up to the next whole number. When using a numeric suffix (e.g. Custom = The maximum customisation is \$2000) the charge is \$0.00 and a fee of \$0.50 (as shown in the table below) for each additional character is taken from the whole number. Semicolons When using a numeric suffix (e.g. Custom = The maximum customisation is \$2000) the charge is \$0.00 and a fee of \$0.50 (as shown in the table below) for each additional character is taken from the whole number. Semicolons, Coding and Rounds When using a numeric suffix (e.g. Custom = The maximum customisation is \$2000) the charge is \$0.00 and a fee of \$0.50 (as shown in the table below) for each additional character is taken from the whole number. Unfortunately, you can only include semicolons (;) as far as I am aware (other language separators maybe possible?). Semicolons, Non-numeric And Numeric Suffixes When using a numeric suffix (e.g. Custom = The maximum customisation is \$2000) the charge is \$0.00 and a fee of \$0.50 (as shown in the table below) for each additional character is taken from the whole number. Unfortunately, you can only include semicolons (;) as far as I am aware (other language separators maybe possible?).
