Select the canvas and then press Ctrl + A to select the entire canvas. Press Ctrl + C to copy the image. Open a new blank document in Photoshop. Paste the image into the new document. Select all of the objects in the image by pressing Ctrl + A. Use the move tool and drag the objects to the canvas. Notice that if you press Shift while moving the objects the canvas will "snap" to match the size of the objects in the image. Switch to Photoshop's Image menu by pressing Ctrl + 1. Resize the image by holding down Alt while dragging with the move tool. Draw a border around the image by going to Select > Drawing Tools > Border. Delete the white border by going to Select > Eraser. Press Ctrl + C to copy the image. Press Ctrl + F to open the find tool. Click on the button to the right of "Find" in the menu bar to toggle on the find tool. Use the move tool to place the objects into the canvas. When the object is in the right place press Ctrl + L.
