Urban/Nature/Weather Kits,. Genres: Sound Effects, Nature and Weather, Urban,. Description: Thunderstorm 3. Urban Thunder WAV MIDI.The effect of

dietary fibre intake and GLP-1 on glucose metabolism in subjects with impaired glucose tolerance. Nutrition has been shown to affect glucose metabolism. To study the effect of increasing intake of dietary fibre on glucose metabolism in subjects with impaired glucose tolerance (IGT). Twenty-six subjects with IGT and nine healthy controls (who continued to consume the habitual diet) were enrolled. In addition to the subjects with IGT, nine further subjects were randomly allocated to a group receiving or not a daily dose of exenatide (a GLP-1 analogue), for 3 weeks each, respectively, in a double blind protocol. The intake of dietary fibre increased significantly in the group receiving exenatide compared with the control group, whereas intake of fat and saturated fat did not change. Anthropometric and fasting

blood variables remained unchanged in both groups. The basal plasma glucose value decreased with exenatide treatment, whereas other baseline plasma variables and the changes in these variables on a standard breakfast did not change. IGT subjects gained weight and their fasting plasma adiponectin concentration rose significantly. In vitro analyses with isolated human hepatocytes showed a significantly reduced uptake of glucose from the media. These findings were reproduced when the cells were incubated with a combination of exenatide and GLP-1 and when exenatide and GL
