2 2020. I can't think of any, but if you do, please let me know. For individuals and families who actively love, perform, and support the body of Christ. Budgets Budgets in the Budgets site are intended to help those who are going through financial hardships. This includes providing income ideas, budget lessons, free books, and thought leadership from those who have a personal relationship with God. The purpose of this site is to offer prayers of stability, strength, peace, and protection. Prayer is a powerful, effective way to

connect to God and to His guidance on finances. The Budgeting Little Big Book and the Budgets site are donations to the church and are used in different ways: Budgets contain distribution of that budget, specifically to the budget's purpose(s). When someone needs our budget, they receive it without us having to go through an administrative process, and they are given a copy for their records, so they know where to find it if they want to use it for that purpose.

Little Big Book Little Big Books are a series of free, electronic books targeted towards young people. Those who are a part of the church church's church may borrow/read the books without a charge. The books cover different aspects of the church—worship, youth, family, etc. The books are donated to anyone who is willing to read them. However, only a limited number of books are available. Books are donated to libraries that are under construction or have older libraries that are under
