I still remember back in 2007 the first time Obama mentioned his plan to run for president. I mean think about it. If you were Obama and you were the first black president and you had managed to get reelected to that office. To some that may sound a bit conceited. But when you consider how racist this country has been for so long it's not that surprising. Anyways no matter what happens in 2008 I just want to say thanks to Obama for showing us what real change is. He will be the first president I have voted for since I was old enough to vote. 3 Responses to "Obama's Skeptics" just got my male looks that's making me look like god's gift to man's women (saggy youtubers...) I'm taking my looks to the next level amen. ——————— [...] after his election to the presidency his critics claimed that Obama should not be president... "anybody who doesn't vote for Obama is a racist". Isn't Obama the first president of the United [...]Q: How to avoid collisions when double checking for intersections (using C++) I have seen a similar question asked about how to avoid overlapping rectangles (or ragged rectangles) and found the answer helpful, but not with the situation I am facing. The situation I am looking at is finding intersections when rectangles overlap and having the newest rectangle write its info to a new.txt file. My code looks like this: #include #include #include using namespace 595f342e71
