Experience the Lands Between, a New Fantasy Action RPG. Play as a Vindictive Draenei or Tarnished Elf, enter the Lands Between to create your own world in the Great War between the Elves and the Dragons. While battling to achieve your goals, you encounter other players on the Internet. Control your Vindictive Draenei, summon mythical powers to protect and carry out your actions, and create a playable landscape. As your actions change the game world, you will be able to freely play the Story Mode or Arena Mode in both 1-on-1 and 2-on-2 modes. DESIGN ELEMENTS: Elemental Magic Play as a Vindictive Draenei or Tarnished Elf. Liberate the elemental force of fire, ice, or lightning to create powerful elemental powers. Raise these powers to form lethal attacks or summon lightning to attack the enemy. During battles, you can also use Blizzard, which will gather all nearby

---

attacks and attack in a powerful wave, or Brimstone, which will deal damage to nearby enemies and the ground. A Full Range of Magic Attacks The Magic attacks of the Vindictive Draenei or Tarnished Elf can be customized, and you can switch between them at any time. You can use a number of unique Magic attacks, such as Conflagrate, which uses Magic Attacks and summons a single flame ball that deals enormous damage to enemies around it, or Thunder, which sends enemy attacks towards you. Fantastical Equipment and Appearance Customize your character's appearance and equipment at will. You can freely switch between equipment for your different classes. As you progress, you can also use new equipment that can be equipped, such as a new Shield or weapons. The equipment available to you is based on the Magic Attack of your class, and you can activate Magic Attachments to protect your equipment and make it more

---

powerful. Fantastical Monsters Your journey will lead you to different Worlds. You will encounter different monsters as you travel. As you increase the level of your equipment and Magic Attachment skills, you can make deadly attacks more effective. LEVEL SYSTEM: Online Game The online game is suitable for all ages and stages. You can freely explore the game world, adventure together with other players, and develop your characters and magic attacks. Local Game In addition to exploring the online game, you can enjoy an offline game in the same world. You will control

**Prevalence of Campylobacter species in farm animals in The Netherlands. In the Netherlands, the only official statistics on Campylobacter occurrence in farm animals are in poultry. This study provided an overview on the occurrence of Campylobacter species in farm animals in the Netherlands. Thirteen hundred and eighty-two samples from cattle, pigs, sheep, goats, horses, rabbits, guinea pigs, llamas, and turkeys were analyzed for the presence of *C. jejuni* and *C. coli*. Poultry samples, from broiler flocks (n = 726), were also included. Both in food-producing and companion animals, *C. jejuni* and *C. coli* were identified. *C. coli* was the most prevalent species with a median prevalence of 70% in swine, sheep, horses, broilers, and turkeys. *C.***

**coli strains harbored a significantly higher proportion of virulence genes compared to C. jejuni strains. The median prevalence of C. jejuni was 75% in broilers, but C. jejuni was found less often in all other species and in all other sources except broilers. C. coli is a commonly occurring species in a broad range of farm animals in The Netherlands. C. jejuni strains are more prevalent in poultry, whereas C. coli is prevalent in farm animals.
