I have a simple HTML form which has a few radio buttons. I have used jQuery to set the selected option when the user clicks on the radio button. The following jQuery code works fine but I don't know what's happening here. Why does the radio button receive a value of 'True' even after I click on the radio button? Yes And the jQuery code is: \$('radio').click(function() { 6d1f23a050
